Are you looking for a unique experience in Central Borneo?

Borneo is a place that is known as one of the last remaining natural wilderness, teeming with flora and fauna life. A land inhabited by native Dayaks, largely unexplored, mysterious, fragile and threatened.

It is a land that evokes a vision of lush rainforest, winding golden rivers, rare plants, giant trees, exotic birds, unique mammals, strange insects, and the majestic orangutan.

With experiential travel on the rise, travelers yearn for more immersive and authentic experiences that allows them to connect on a deeper level with the places they visit.

Borneo Escape fulfills that need, in a safe and relaxed environment.

Allow us to share with you the natural beauty and cultural richness of Borneo through activities ranging from paddleboarding down meandering rivers, exploring the rainforest, adventure cycling and cultural visits to a remote Dayak village.

Borneo Escape Activities

Paddleboard (iSUP) River Discovery

Paddleboard down the meandering Rungan River along Kaja Island a natural sanctuary for Orangutans. Marvel at their human like habits and have an unforgettable encounter from a safe distance silently on your paddleboard while heading downriver to Tangkiling.

Forest Exploration & Nocturnal Wonder

Immerse yourself inside a unique pocket of rainforest habitat with a rich diversity of plants, bird and animals. Learn about medicinal plants from a Dayak herb lady. Enjoy a nocturnal walk and campfire with Dayak music and stories.

Packages - We have all-inclusive 4-day / 3-night Experiential packages or you can also fully customise your own adventure with a Personalised Escape:

Kanarakan Dayak Village River Discovery

Embark on a cultural visit by klotok boat up the Rungan to a Dayak river village, participate in a traditional welcome ceremony, sample a local coffee blend in the home of the village elder and get to know him and his charming and productive village.

Cycling Adventure

Venture through shaded forest trails, rustic terrains and charming river and farming villages and connect with the locals as they go about their daily lives.

Engaging Excursion

Visit BOSF's Nyaru Menteng Orangutan Sanctuary and learn about their program to save the endangered great apes. Visit YUM, a pioneer of sustainable agriculture and organic farming and finish off with a monastery hilltop climb for a magnificent panoramic view
